P.O.D. (Proprietary Offender Data)

This database is comprised of proprietary criminal data compiled from previously ordered county, statewide and federal criminal requests, from all 50 states, which contained records, as well as data contributed by the JDP Solution Provider Network.

Sex Offender Registry

The sex offender registry is maintained by the Florida Department of Law Enforcement. This registry includes individuals who have been convicted of sex offense(s) and sexual predators on or after 07/01/1996. Registry information includes offender name, alias name, sex offense description, date of birth, address of registration, address verification date, offender ID number, race, gender, eye and hair color, height and weight as well as legal status. Photo of registered sex offender provided as made available by the data source.

Foreign Nationals

This database is a list of foreign nationals that the United States government currently has sanctions against; whose property may be blocked; and whom no US person may have dealings with. The information contained herein may include one or more of the following: date of birth, place of birth, passport number and country, citizenship or US-SSN, employment or group membership or affiliation. The Department of the Treasury, Office of Foreign Asset Control provides updates periodically.

Georgia

Archived Department of Corrections

This archived historical database contains information on individuals that have been under the jurisdiction of the Georgia Department of Corrections or the Georgia Board of Pardons and Paroles. These records date back at least seven years prior to April 2005. There are no updates to this database.

Department of Corrections

This database contains current and historical felony and misdemeanor information on individuals that are or have been under the jurisdiction of The Georgia Department of Correction or The Georgia Board of Pardons and Paroles. This jurisdiction provides YOB only as of 2009. Records prior to 2009 contain full DOB. Further verification is strongly recommended. These records date back at least seven years. This data is updated monthly.

JDP NATIONAL CRIMINAL SOURCE COVERAGE

Georgia (Cont.)

Archived Georgia Bureau of Investigation

This archived database contains historical felony conviction information. This statewide database contains data on individuals convicted of felonies in Georgia for the last 3 decades up to September 2004. There are no updates to this database.

Georgia Bureau of Investigation

This database contains current and historical felony conviction information. This statewide database contains data on individuals convicted of felonies in Georgia. This jurisdiction provides full DOB. This data is no longer updated as of December 2007. Further verification for any name match is strongly recommended.

Cobb County

This data originates from the Cobb County Superior court and consists of felonies and misdemeanors extending back to mid 2008. It should be noted that DOB is NOT available but rather address is available. This database includes name, address, offense description, filing date, disposition, sentence date, sentence length, severity, case number, fine and probation length. This data is updated every 1-2 months as available.

Archived Decatur Arrest Records

This database contains arrest data from the Decatur, Georgia Police Department. Record information includes felony and misdemeanor offenses. These records date back at least seven years.

P.O.D. (Proprietary Offender Data)

This database is comprised of proprietary criminal data compiled from previously ordered county, statewide and federal criminal requests, from all 50 states, which contained records, as well as data contributed by the JDP Solution Provider Network.

Sex Offender Registry

The sex offender registry is maintained by the Georgia Bureau of Investigations. This registry includes individuals who have been convicted of violent sex offenses, multiple offenses and sexual predators on or after 07/01/1996. Registry information includes offender name, sex offense description, state of conviction, date of conviction and registration, address of registration, offender ID number, race, gender, eye color, height and weight. Photo of registered sex offender provided as made available by the data source. This jurisdiction provides year of birth only. Further verification for any name match is strongly recommended.

JDP NATIONAL CRIMINAL SOURCE COVERAGE

Guam

Sex Offender Registry

The sex offender registry is maintained by the Judiciary of Guam. This registry includes individuals who have been convicted of sex offense(s). Registry information includes offender name, sex offense description, address of registration, offender ID number and date of birth. Photo of registered sex offender provided as made available by the data source.

Hawaii

Administrative Office of the Courts

This database contains statewide court data on individuals who are or have been under the jurisdiction of the Hawaii Administrative Office of the Courts. This data contains name, offense description, file date, disposition/disposition date, arrest date, jurisdiction, sentence/sentence date, release date, supervision date, case number, severity, statute, appeal information, sentence description and fines. This jurisdiction provides no DOB. Further verification for any name match is strongly recommended. This jurisdiction is included in the national search only. This data is updated monthly.

Non-Instant Statewide Available

The Hawaii Criminal Justice Information System (CJIS-Hawaii) provides statewide information from the police, sheriffs, prosecutors, all levels of courts, intake centers, community correctional facilities, and probation and parole agencies. Records are verified by name and date of birth. Record information includes felony and misdemeanor offenses, identified separately. Offense description, county of conviction, file date, conviction date, criminal statute number, case number, fines, sentence length, probation and disposition are reported. Expected turnaround is 1-2 business days.

P.O.D. (Proprietary Offender Data)

This database is comprised of proprietary criminal data compiled from previously ordered county, statewide and federal criminal requests, from all 50 states, which contained records, as well as data contributed by the JDP Solution Provider Network.

Sex Offender Registry

The sex offender registry is maintained by the Hawaii Criminal Justice Data Center. This registry includes individuals who have been convicted of certain sex offenses. Registry information includes offender name, sex offense description, address (street and zip code), offender ID number, state of conviction, date of conviction and registration. Photo of registered sex offender provided as made available by the data source. This jurisdiction provides year of birth only. Further verification for any name match is strongly recommended.

JDP NATIONAL CRIMINAL SOURCE COVERAGE

Idaho

Department of Corrections

This database contains current and historical felony, parole, and probation information on individuals who are or have been under the supervision of the Idaho Department of Corrections. Additionally, there is some limited misdemeanor information. These records date back at least seven years. This data is updated monthly.
